This might help you get started. You could come over around lunch if you want. I'm busy until then. Actually late to a meeting right now... ☺

Good Morning,

I would love your help in this area. We put it up on Youtube in the 11th hour and I honestly didn't touch the CC. I am not used to doing that at work because at MDOT we didn't do anything past producing the video. So, I am completely open to your thoughts as to how best to do it. I want to train myself to do it without a thought as soon as I post a video.

At MDOT Jesse had a software that would do it using an MP3 file and sometimes he would just copy and paste the script if we had one.

Please feel free to offer all suggestions so I can get up to speed the right way.

Thanks,
ERIC

Subject: Flint Water Update video

Hey Eric,
I saw a Gongwer blurb about, "[DEQ Launches Video To Update Flint Water Testing Results](#)" So... throwing on my ADA hat, I watched the video with the Closed Captioning turned on. And... it could use a few edits. The CC has no obvious curse words in it, but it does have "homie." Also, no punctuation at all.

Let me know if you need help getting that updated. There are a bunch of ways to go about it.

Help. Connect. Solve.

Closed Captioning on YouTube

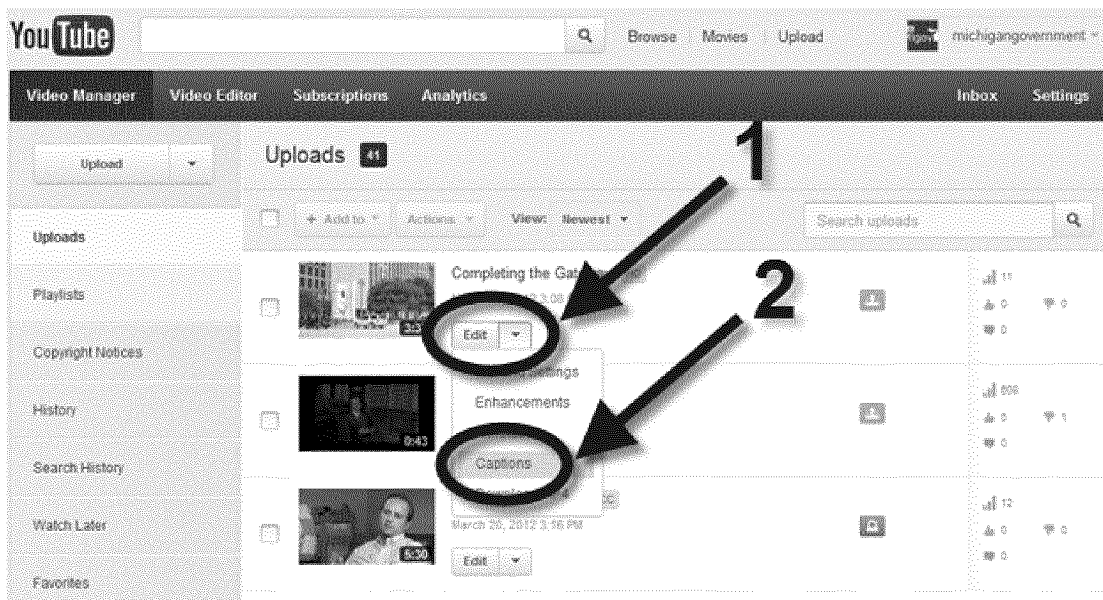

1. Upload the video to your authorized YouTube account. Click on “Video Manager” in the black bar once you receive the “Upload Complete” message.

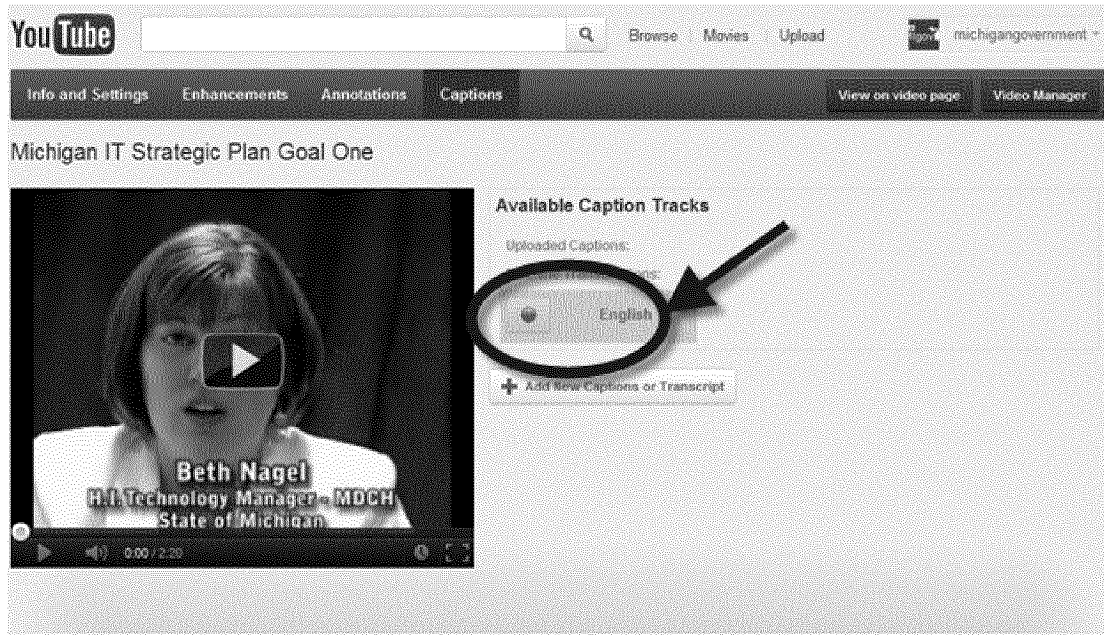

OR, if the video is already uploaded, (1) click on your account ID in top the right corner. A menu will drop down and then (2) click on “Video Manger.”

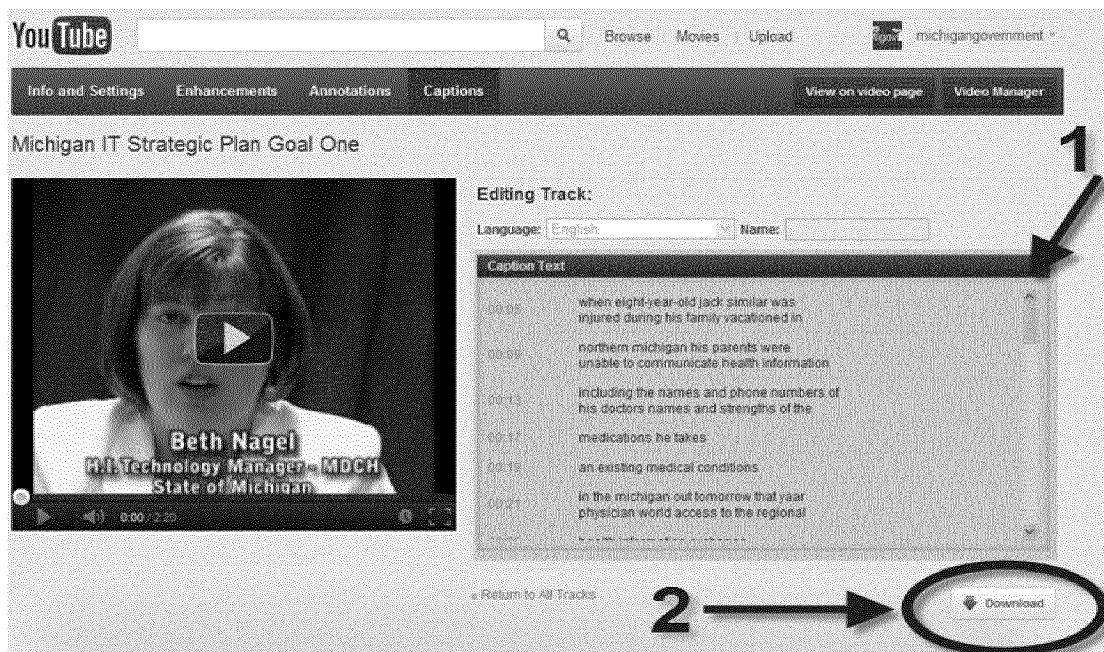

2. Find the video and (1) click the arrow next to the “Edit” button next to the video. Then, (2) Click “Captions”.

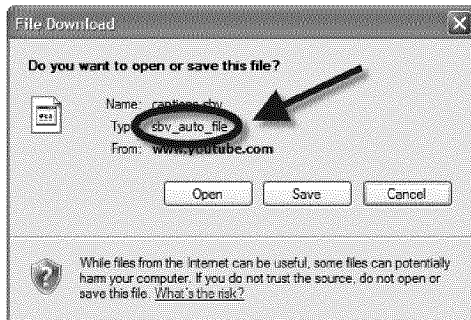

3. A screen will appear with a preview of your video and a list of “Available Caption Tracks.” Most YouTube videos will automatically be captioned when uploaded. But, it can take 15 minutes to an hour for YouTube to generate the Machine Transcription. If you do not see the “English” option, then your video has not been processed.

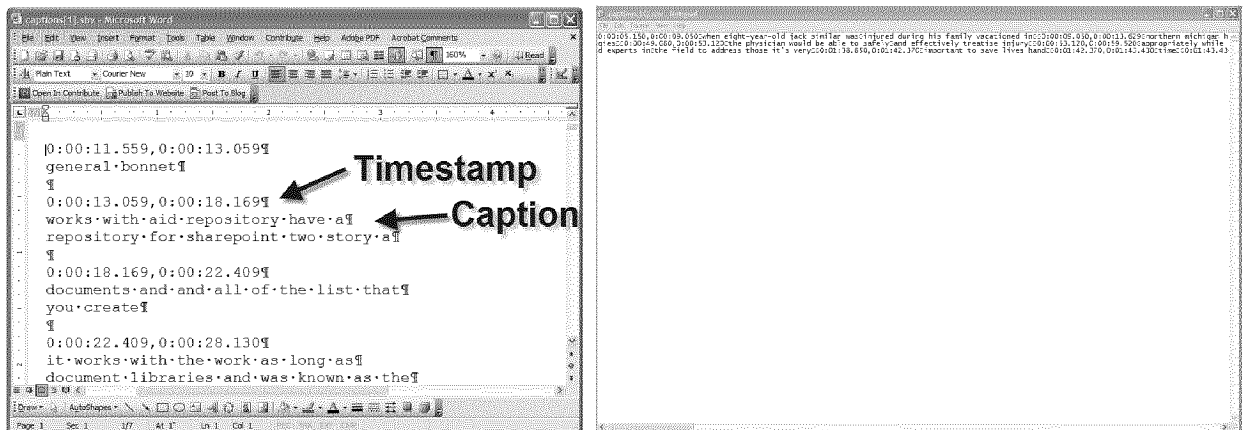

4. You can double check the accuracy of the “Machine Transcription” by clicking the word “English” next to the green button. It will display the Caption Text in a timestamp encoded format. You can (1) scroll through this transcript as well as preview it live on the video on the left. The Caption Text cannot be edited in this screen. You must (2) download the file.

- Errors in the Machine Transcription text are very common and something that must be corrected by hand. Click the “Download” button. An “.sbv” file containing the Machine Transcription will be downloaded.

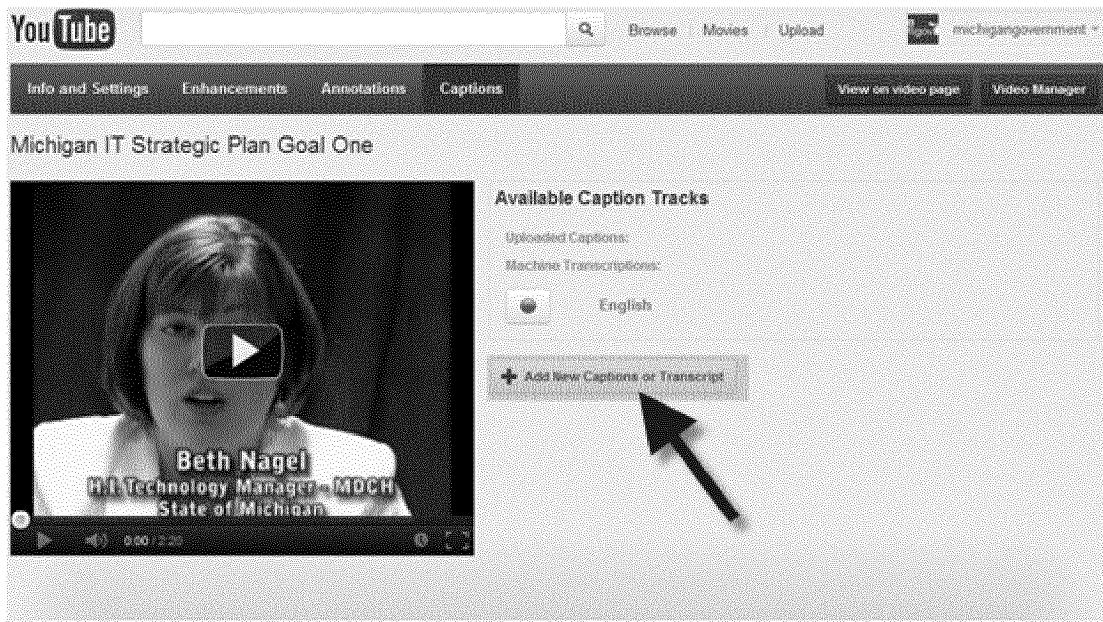

- Open this file in MS Word or your favorite text editor

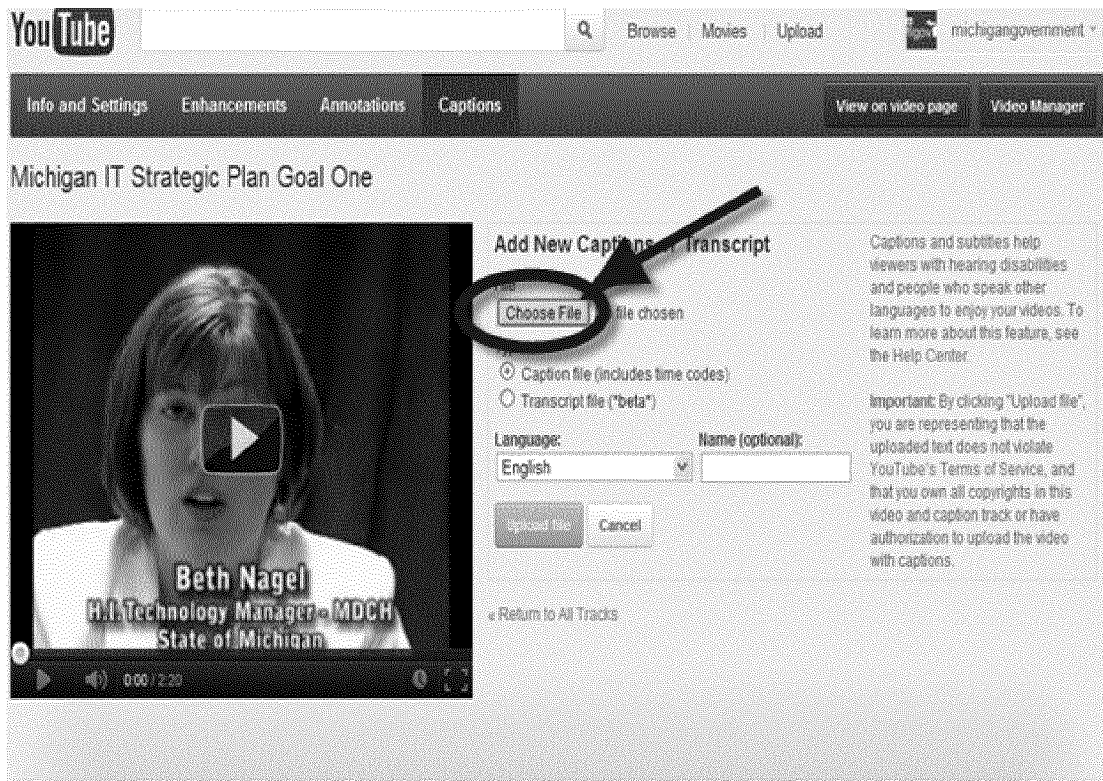

Note the difference in layout of the file. It is much easier to read and edit in MS Word.

- Place your web browser with the YouTube video and the Transcription text window side by side. Go through line by line, frame by frame and manually correct the errors in the transcript. It will require many steps of playing, pausing, and rewinding. Be sure to not edit or delete the time stamps in the text. This will cause the captions to show up at the wrong time of the video.
- Once you are sure the transcript is 100% accurate, save the document. Make sure you are saving the document in the same “.sbv” file format.

9. Return to the “Captions” screen and click the “Add New Captions or Transcripts” button.

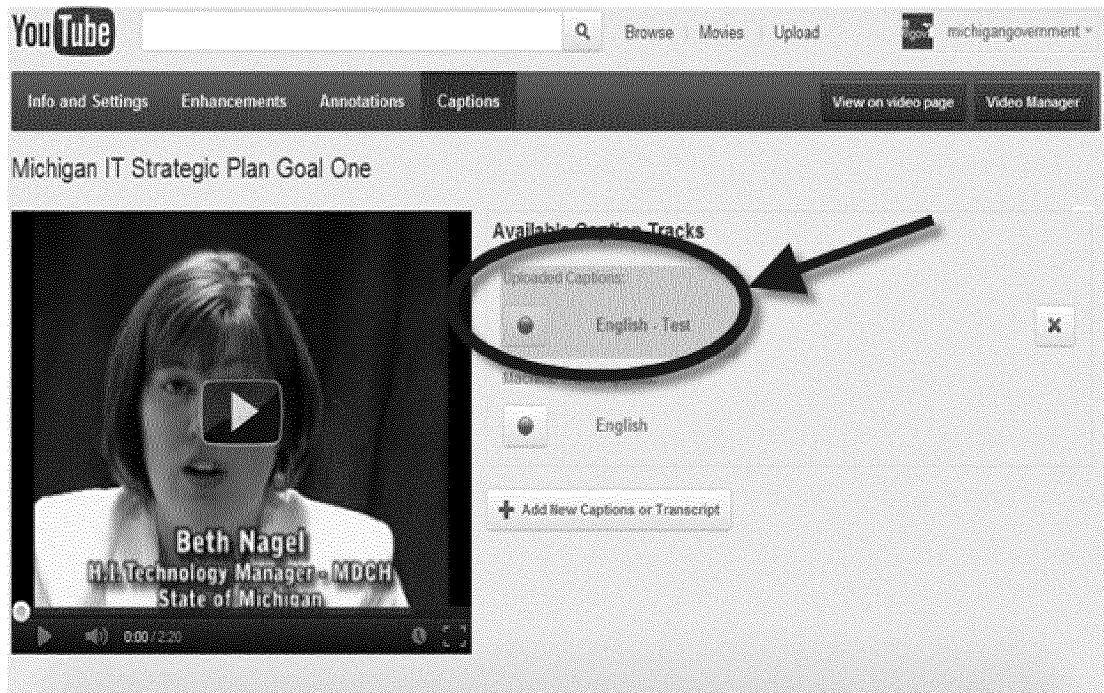

10. On the next screen select the “Choose File” or “Browse” button and navigate to the file you just edited and saved on your computer.

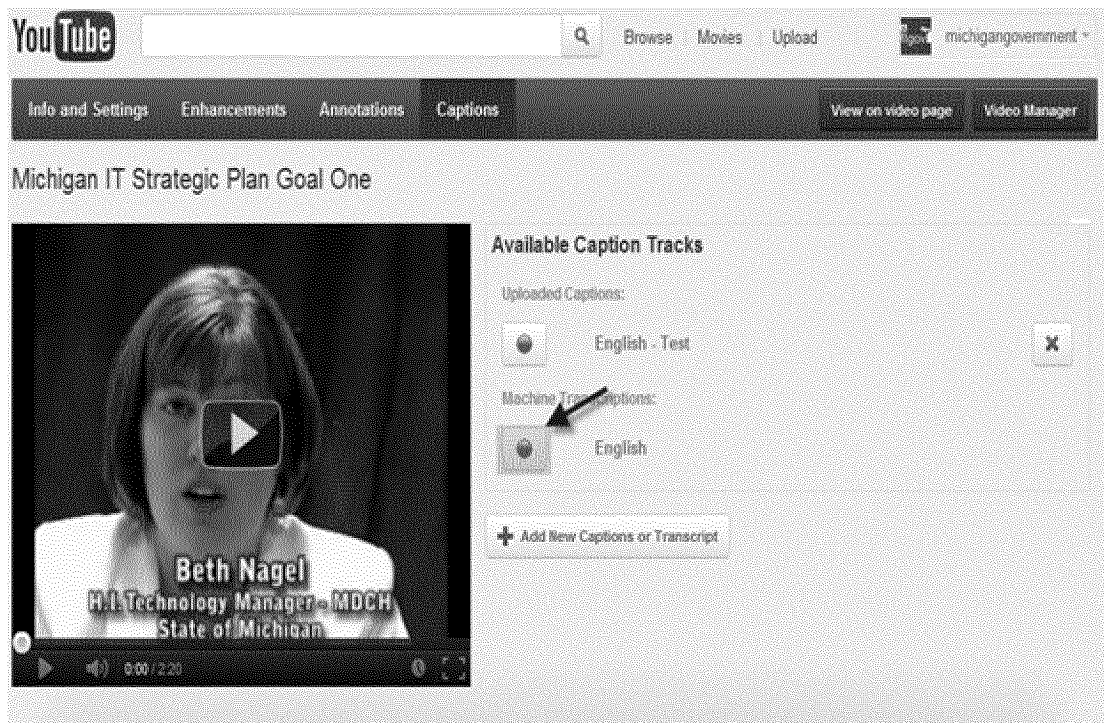

11. Add a custom name to the file if you want and then click the “Upload” button.

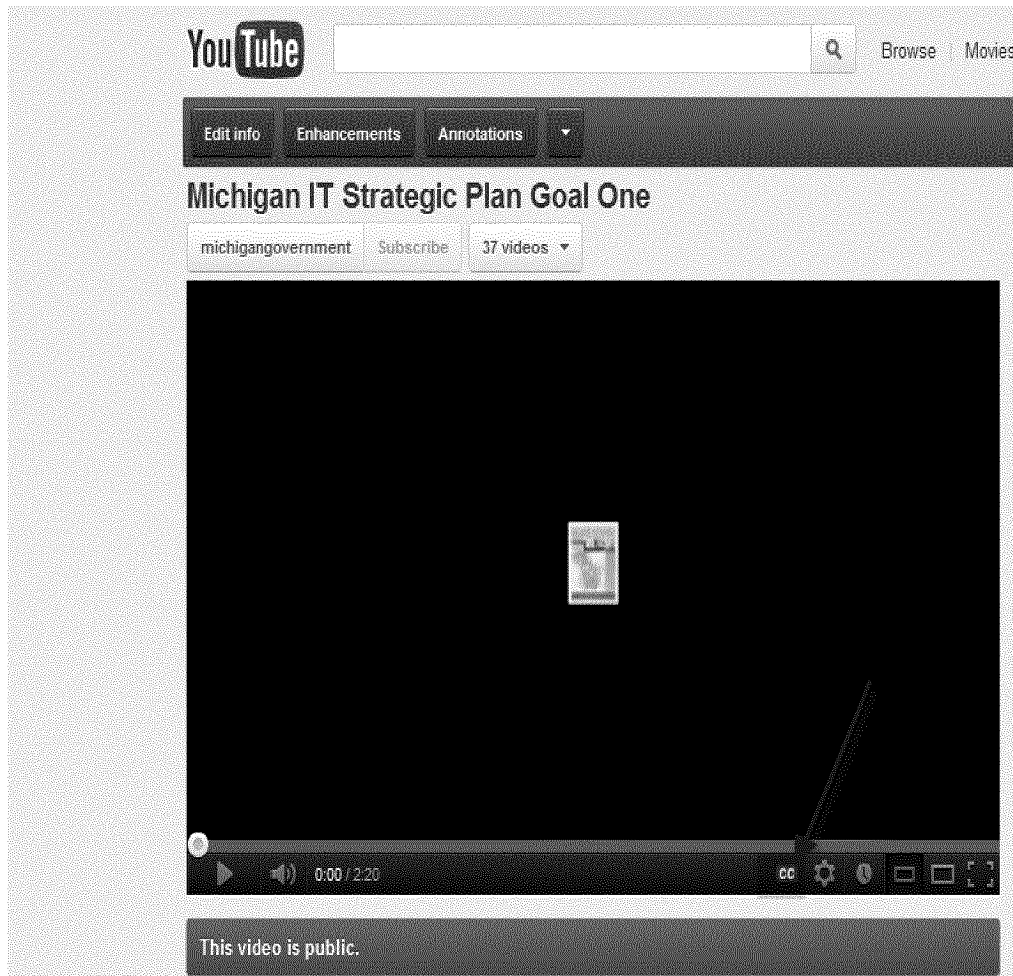

12. At the Captions main page you will see a new section titled “Uploaded Captions” where you will find the file you just uploaded.

13. The newly uploaded file will automatically be an active option for your videos closed captioning. To turn off the other transcript(s), click the “Green” button. The button should turn gray indicating the file is not active.

14. Return to the videos page and play the video to test your closed caption transcript. If the closed caption text is not showing, click the “CC” logo button on the video’s control tool bar.

Notes:

- Captioning follows the conventional rules for punctuation and spelling as outlined in standard English-language style manuals and dictionaries.
- YouTube appears to use pop-on captioning. A pop-on caption is usually one or two rows long. When a sentence must be divided into two or more captions, break it at a logical phrase rather than at a random point. For example:

Preferred:

MY, WHAT DANGEROUS GAMES
WE USED TO PLAY

IN THE RUINS OF THIS CITY.

To be avoided:

MY, WHAT DANGEROUS GAMES
WE USED

TO PLAY IN THE RUINS
OF THIS CITY.

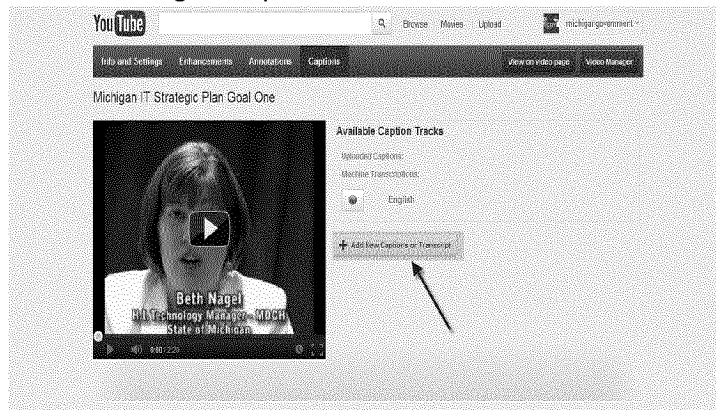

- Each new sentence begins a new row, and each speaker change is indicated with a speaker-change symbol (two "greater-than" symbols -- >> -- plus a space):

>> Smith: WELCOME TO
THE CITY OF LINCOLN.

- More information can be found here:

<http://main.wgbh.org/wgbh/pages/mag/services/captioning/faq/sugg-styles-conv-faq.html>

- YouTube also gives you the option to add new transcripts you have created yourself or in other languages. To add these other transcripts, use the “Add New Captions or Transcript” button starting at Step 9.

I would CC a few people. Me, Anne & Thompson. As we go forward with this, it is important that everybody is in the loop. So, you (MDHHS) are asking to edit what is nominally DEQ content.

I of course realize you guys are all sitting together, so I can guess you had a verbal agreement to change the picture. (This is just an example to illustrate a point) We, via email, don't know that.

May I propose that if there is a change, you, Anna (Gov office), DEQ, MDARD, MSP, etc are all on the CC list. Or, appoint a key contact person as the person that asks for changes.

Yes sir! Thank you for clarifying that. Should I work with you or Anne going forward in case I need to update the site going forward? I'm sure I will. I'm the one who has been bugging Eric Shaw at DEQ to add our PDFs as they are developed.

Yes. Sort of. I'm the main contact for Gov's office, so I was initially contacted today. Anne has been doing all the site work previous to today. And she is altering the DEQ content.

So, you want to edit the "water bottle pouring water out" to the image you attached of an actual water filter?

Hi John,

Heard you're getting pulled into this Flint Water JIC. I might be bugging you a lot so apologies ahead of time. One thing we discussed here today was updating the Water Filter image on the Flint Water website. Might you be able to do that? I've attached a picture of it.

Let me know if that's possible.
Thank you,

Sorry, I've been dealing with Flint Water stuff. MDHHS confirmed earlier today that they removed the PDF from our web site. It now results in a 404 error.

Hi Judy,

Per our conversations,

Thank you for assisting in getting my personal information off the michigan.gov site. I was not aware that my personal information would become so easily accessible online.

I just found a website that just updated their information 23 hours ago, and it happened to be my current home address.

I really need this taken down ASAP. I'm going to have to relocate because I do not feel safe at home. I have had death threats and prank calls for the last year.

Please I'm begging,,,

Heard you're getting pulled into this Flint Water JIC. I might be bugging you a lot so apologies ahead of time. One thing we discussed here today was updating the Water Filter image on the Flint Water website. Might you be able to do that? I've attached a picture of it.

Let me know if that's possible.

I moved the Dan Wyatt P.R. down in the order so that it only appears on the archive page. I had to change the component to sort by priority order. This is because that P.R. categories are typically sorted by Release Date and altering the R.D. would change where it appears in all the P.R. categories across mi.gov like MiNewswire.

Sorting by priority order should be fine as long as the priority for all new P.R.s is 100.

John- great job configuring Radian6 for #FlintWater. The monthly mentions far exceeds our monthly quota, and per below, I received the OK from Radian6 to make an exception and they will not bill us for the overage. I'm volunteering at the JIC in Flint today. I'm going to refine the Radian6 configuration, and break out the #FlintWater keywords into a separate Topic Profile...I'll likely add a few more keywords. Having the keyword group in a new Topic Profile will help with reporting.

Per the email below, while MEDC's monthly usage is 10 times over the quota, Radian6 has agreed to make a temporary exception.

Nick – happy new year. Wanted to give you the heads-up that we are over our monthly quota for Radian6, with 868,000 mentions and our limit is 70,000 mentions per month. Hi Chad,

There is a new Customer Success Manager that is assigned to work with you on the Social solution you have as part of the Marketing Cloud. His name is Rob. Things are being aligned and he/we will be in touch in the near term.

For reference, if you don't already have it, Premier Support information can be found here: <http://www.salesforcemarketingcloud.com/support/customer-support/>.

Best regards,
Paul

Hi Nick, Chad,

Please see attached.

Premier Success is an advanced support service. Actually it is this highest available for the Social Solution.
You'll see Platinum also listed in the attachment and that is available for the other components of the Marketing Cloud (email, mobile, etc.).

All – attached is a quick start guide for Radian6, to be used by whomever is in on assignment that day to manage social media at the JIC.

Radian6 retrieves results from more than 150 million sites and sources including: social media (Facebook, Twitter, etc.), blogs, discussion forums, local and national mainstream news (NYTimes.com, WSJ.com, DetroitNews.com, etc.), and much more.

The social media manager assigned to the JIC can use Radian6 to monitor online *volume*, *sentiment* and *content*. Furthermore, the JIC social media manager can flag content that they deem important or noteworthy. On average, there are more than 1,000 tweets per hour about the Flint water crisis. The manually-flagged content will be included in an automated email daily summary sent to JICManager@michigan.gov.

I believe I have reorg'd the content as requested. Moved the categories around and changed a couple of dates for the 2016 ones. I have not worked on the 2015 ones.

I believe, based on creation dates and other dates, that the person creating the content was simply duplicating previous content. In doing so, all the new items were using the original release date of sometime in October. That would account for the odd arrangement of the dates.

Going forward, the person creating the content should either create it as new content, or when duplicating, make sure the Release Date is changed.

The State Emergency Operations Center (SEOC) is coordinating a response to the ongoing health and safety issues in the city of Flint's drinking water. Teams from the Michigan State Police, Genesee County Sheriff's Department, Michigan Department of Health and Human Services, and volunteer organizations have been delivering bottled water, water filters, replacement cartridges and water testing kits at homes in the city of Flint since Tuesday.

To help with this critical work, the SEOC is looking for volunteers to expand this effort and continue this distribution during the upcoming holiday weekend. Teams are being assembled for shifts on Saturday, January 16; Sunday, January 17; and Monday, January 18, 2016. If you are interested in volunteering your time for this critical work, please complete the information in one of the attached surveys (depending on which day you are volunteering).

To volunteer on Saturday, January 16, <https://www.surveymonkey.com/r/28NVJBL>

To volunteer on Sunday, January 17, <https://www.surveymonkey.com/r/26NMJJK>

To volunteer on Monday, January 18, <https://www.surveymonkey.com/r/26P7P5G>

Volunteers will begin their assignment at the Local Emergency Operations Center located in the Genesee County Administration Building located at 1101 Beach St, Flint at 9 a.m. and end by 4 p.m. Parking is available at the corner of Beach Street and 8th Street. Lunch will be provided. This is strictly a volunteer effort, as all three days will be unpaid. Volunteers are responsible for their own transportation; mileage reimbursement for personal vehicles is not authorized. Volunteers should dress for working outdoors and wear foot attire appropriate for walking.

This opportunity is for state employees and their immediate family members 16 years of age or older only, others looking to assist should volunteer through the American Red Cross in Flint. The volunteer coordination center for the Red Cross is located at 1401 S. Grand Traverse, Flint, MI. They are open from 9 a.m. to 7 p.m.

For more information on the state's response efforts, visit www.michigan.gov/flintwater.

How we are fixing the Flint water crisis

Governor Rick Snyder has committed to spending the rest of his time as Governor to fixing the Flint water crisis. Over the last few days, he has sat down to explain what happened and how we're fixing the Flint water crisis. Watch the interviews below and be sure to read the Governor's Op-Ed in the USA Today.

Governor Snyder on Morning Joe

"What is so frustrating and what makes you so angry is you have a handful of experts who were career civil servants that made terrible decisions, in my view. We have to live with the consequences, and they worked for me, so I accept that responsibility. We are going to fix this problem." Watch Governor Snyder address how we are fixing the Flint water crisis on Morning Joe.

Governor Snyder with Charlie LeDuff on Fox 2 Detroit

"I feel awful about this. These are people. They've been harmed. You can't feel good about that. The people of Flint have been harmed and a major influence of that harm came from people who worked for me, and I feel responsible for that. But I am committed

to solving the problem and addressing the damage as much as possible for the rest of the time I'm Governor." Watch Governor Snyder address the Flint water crisis with Charlie LeDuff on Fox 2 News.

Governor Snyder's 2016 State of the State

"Michiganders don't quit, we don't give up, instead we will work with even more passion and commitment to truly improve our state. For everyone who's chosen to make Michigan their home, this is more than a promise, this is my commitment." Watch Governor Snyder's full closing statement from his 2016 State of the State address.

Governor in USA Today: "I will fix this, and I mean it."

"Residents in one of Michigan's proud cities cannot drink their water. That's unacceptable. The crisis in Flint arose from missteps at all levels of government — local, state and federal. But as governor, I take responsibility for what these families are going through, and I'm holding people in my administration accountable for their failures." Click [here](#) to read the Governor's full op-ed.

Washington Post: "Michigan Gov. Rick Snyder is in a tough spot, but he's his own best spokesman"

Snyder has born the brunt of criticism in the local health crisis that has turned into a national scandal. But unlike many other politicians facing crises of leadership, Snyder may also be his own best counter-programming. [Click here to read the full story in the Washington Post.](#)

Subject: Contributing time, muscle and money

During this month's Martin Luther King Jr. holiday weekend, some state employees turned their "day off" into a "day on" in Flint. There, they delivered bottled water, water filters, replacement cartridges and water testing kits to families. The volunteers joined other Michiganders, turning Dr. King's birthday observance into a day of service.

Mike Zimmer, director of the Office of Good Government and the Department of Licensing and Regulatory Affairs, has shared a link – www.helpforflint.com – that offers other opportunities to contribute time, muscle and money to bring clean drinking water to the community. Here in DTMB, some of our employees didn't wait for an invitation to lend a hand. Office of Retirement Services staff contributed funds that were used to buy 31 cases and 23 gallons of water, which a local organization transported to Flint.

Autumn Hubbard, Ambrea Mack and Sarah Esquivel, who are in the photo at the left, nearly emptied the shelves at their local grocery store. Thanks for your efforts.

everyone.

Now work.

Last week, I signed a new policy that formalizes the annual employee review process and sets expectations for employees and managers. [Administrative Policy 200.37](#) establishes consistent standards for implementing performance plans and reviews. Some of the standards are practices we have followed for years. Others are new. Some of particular note include:

- The mandatory use of HRMN
- A standard Feb. 1-Jan. 31 rating period for all employees
- An Individual Development Plan that specifies training or development programs for each employee
- Competencies and objectives that align to DTMB goals or scorecard metrics
- Consequences for managers and supervisors who do not complete the review process as required

A fundamental role of each DTMB manager or supervisor is to provide employees with direction and feedback on their performance. Employees also are expected to take an active role in pursuing professional development opportunities and achieving their competencies and objectives. I encourage you to review the new policy and talk with your manager or supervisor if you have questions. Of course, I welcome your questions and input as well. Please send your comments and ideas to me at behend@michigan.gov.

I know these have been busy weeks for many of you as you take on additional responsibilities and work hard to provide resources and services for our customers and citizens across the state. Please know that your hard work has not gone unnoticed. Thank you for everything you do, every day.

Have a great week,

David

THANK YOU!

Fellow employees,

Each day, more than 46,000 state of Michigan employees come to work with the confidence and commitment to make Michigan a better place to live, work and play. I appreciate the way you care about the citizens we serve, and how it is reflected in the work that you do.

As you have heard from me and the media, our reputation and trust can be severely impacted when people do not make good decisions, or use good judgment in solving problems. That principle is universal, but never more so than when public health is at stake. What happened in Flint can never be allowed to happen again anywhere in our state.

I know that you want to work in a place where employee input is valued, efforts are recognized, and teams are always striving for continuous improvement. That's why we introduced employee surveys, Bureaucracy Busters and other reinvention initiatives. We want and deserve a culture of innovation, continuous improvement and employee engagement at every level. We can never take for granted how important the people are who depend on us to do our jobs, and I am asking you not to let the situation in Flint negatively impact your motivation to excel every day.

Many of you have taken an interest in helping the citizens of Flint on your own time, and I'd like to take this opportunity to recognize and thank those who have volunteered over the last couple of weekends. You have worked tirelessly to deliver cases of bottled water, water filters, replacement cartridges and water testing kits to the families in need. I appreciate you donating your time to help our fellow Michiganders. To date, more than 37,000 homes have been visited by one of our water resource teams.

For employees who would like to further help the people of Flint, please visit www.HelpForFlint.com to learn how you can do so. For additional information and to sign up for daily updates, please visit www.mi.gov/FlintWater. I am committed to ensuring that all residents have access to safe and clean water.

Again, I'd like to express my gratitude for the work you do every day to continuously improve our state and earn the trust of those you serve. You make a real difference.

Thanks,

Subject: "Flint residents should not have to pay for water they cannot drink"

Budget recommendation will include \$30 million request for Flint water bill repayments

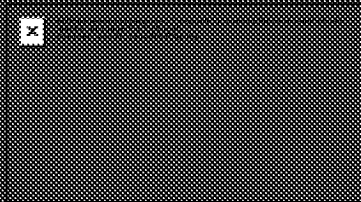

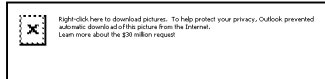

When Governor Rick Snyder presents his budget recommendation next Wednesday, Feb. 10, he will include a \$30 million request for the residents of Flint to keep their water service on and eliminate the need to pay for water they cannot completely trust to drink.

Under the governor's ask, the funding would enable the city of Flint to apply credits for customers on future bills. Estimates show water is roughly 47 percent of billing and sewer costs are around 53 percent. The credit would be applied to consumption usage (roughly 65 percent) of a resident's water portion of the bill, such as for bathing, drinking, cooking, and washing your hands. Residents still would be responsible for paying the sewer portion

of their water bills.

Professor Marc Edwards of Virginia Tech said, "This essentially refunds all the money associated with consumption or consumer use. I think it's an amazing gesture of common sense and good will and it corrects an injustice. I don't think there's a precedent for this. I feel so encouraged by the direction this is going."

[Click here to learn more about the budget request.](#)

We spoke with Staff Sgt. Thomas Vega about the critical resources they're providing to Flint families every day. He also encouraged residents to pick up and return their water testing kits to Flint fire stations. Test results will be posted online at www.mi.gov/flintwater. **Click here to watch the video.**

VIDEO: What Governor Snyder's FY17 budget means for Michigan

Gov. Rick Snyder's FY 2017 budget calls for critical investments for the Flint water crisis, statewide infrastructure and the Detroit Public Schools. The governor's recommendation also addresses the skyrocketing costs of specialty medications that Michigan residents depend on for better health outcomes.

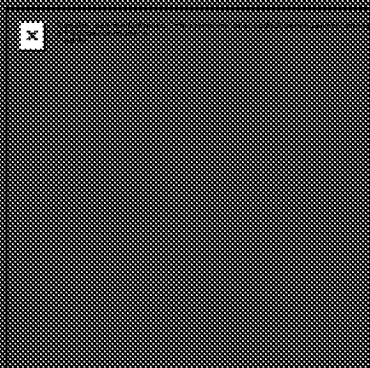

This budget also stays committed to the Governor's core statewide priorities of education, talent and economic development, health and human services, and public safety.

The proposed FY 2017 budget makes key investments to strengthen the state for all of Michigan's families. [Click here to learn more about the top 6 takeaways from the](#)

Volunteers at the Food Bank of Eastern Michigan are working hard to collect donations in order to help the families of Flint. Last Thursday, Governor Snyder visited with the many dedicated volunteers and helped sort cans of food.

Good nutrition is critically important for Flint's children. Foods that are high in calcium, vitamin C, and iron can help limit the effects of lead exposure. To donate or volunteer at the Food Bank of Eastern Michigan, visit www.fbem.org.

Subject: The Gov. Snyder's Budget Proposal

Good morning everyone. I hope everyone had a great holiday weekend.

I had the good fortune to travel to Marquette on Monday with Chad Laidlaw, DTMB's policy and planning analyst, to meet with city, business and university leaders and to address the Economic Club of Marquette. I told them about the many things DTMB does, placing special emphasis on our work in mobility and cybersecurity. Marquette is really developing and making its mark as an innovative and entrepreneurial community.

Now work.

The executive budget Gov. Snyder presented last week outlined his investment plan for Michigan. Yes, the proposal for fiscal year 2017-18 outlined a strategy to address the critical challenges of addressing the Flint water crisis and turning around Detroit's Public Schools, but the \$54.9 billion plan also includes investment in four key areas:

- **Education.** The budget increases investment to K-12 schools, community colleges and the state's public universities. Additional funds are proposed to expand career, technical, science, technology, engineering and math programs.
- **Protecting the Public.** The governor's plan expands the Secure Cities program, which has reduced violent crime in four major Michigan cities. Funds also would support an additional trooper recruit school and an academy to train corrections officers, among other initiatives.
- **Putting People First.** The governor recommends continued expansion of the Healthy Kids Dental Program and funding efforts to ensure residents have access to affordable health care. His proposal boosts funds to help cover new higher cost specialty medications to treat conditions such as hepatitis C and cystic fibrosis, among others.
- **Investing in Infrastructure.** The proposal allocates \$1.2 billion to maintain and repair Michigan roads, bridges and other critical infrastructure.

The budget proposal also includes FY 2017-18 funding recommendations for DTMB. Gov. Snyder recommends ongoing funding of \$1.3 billion for department operations and a one-time allocation of \$32.4 million.

A few highlights include:

- \$502 million for information technology support for all state agencies and \$132.8 million for 14 high-priority IT projects in seven agencies. He recommends increasing the Information Technology Investment Fund by \$7 million, from \$65 million to \$72 million. This fund supports several major multiyear IT projects and upgrades, including the replacement of outdated legacy systems.
- An additional \$5 million to support cybersecurity improvements to safeguard citizens' personal information and protect critical infrastructure and government services.
- IT support of \$6.5 million to modernize the Office of Retirement Services' systems and enhance customer service for more than 530,000 current and future retirees.

You can see the full executive budget recommendations, which are posted on the Budget Office website. Details of DTMB's proposed budget begin on page B-75.

We can expect to see many changes before the budgets are signed and become effective Oct. 1. The executive budget will be used by the House and Senate Appropriations Committees as they work on their own budgets and hold committee hearings on the proposals. I'll keep you posted as the process moves ahead.

As always, I welcome your notes, whether about the budget process or any other topic. Please send them to me at behend@michigan.gov.

Thank you again for all the good work you do. I hope you have a great week ahead.

David

LANSING

DAVID B. BEHEN
DIRECTOR

February 18, 2016

TO: All DTMB Custodians of Correspondence Related to Flint

FROM: Jean Ingersoll, Interim Chief of Staff to David B. Behen, Director and CIO

SUBJECT: Flint Document Production – Search Terms and Guidance

In recent months, the State of Michigan has received a number of requests to produce documents related to the water emergency in Flint. You have been identified as a potential custodian of relevant/responsive correspondence and/or documents related to these requests. **As a custodian, you are required to produce any documents containing the search terms listed below, no later than Monday, February 22, 2016.** This memorandum contains detailed instructions for the process of identifying, compiling, scanning, and copying the necessary information.

Microsoft 365 – Outlook (includes emails, calendar items) and OneDrive

DTMB staff will centrally coordinate the Microsoft 365 search for all of DTMB's custodians. Therefore, DTMB's custodians *do not need to independently search any of their Microsoft 365 applications* for the search terms listed below.

Network Drives

Similar to the approach outlined above, DTMB staff will centrally coordinate the network drive search effort for all DTMB custodians. Custodians *do not* need to independently conduct a network drive search for the search terms below.

Non-Network Drives – includes hard drives, desktop, and thumb/flash drives

For all non-network drive types, ***each custodian will need to search every search term listed below in every non-network format, and move all relevant/related documents in to a network drive for collection. In order to move items to the network, you must be connected to the network.***

Start by conducting the search of all non-network drives, filling out the attached search term checklist as you go. If you need guidance as to how to perform this search, a step-by-step guide is included below in Appendix 1.

All relevant/responsive items that are produced as a result of your search need to be moved to a network drive. You can move your relevant/related documents to a network drive in whatever format the document is currently in. After the February 22, 2016, deadline, DTMB staff will access the network drives to collect the files.

Paper Files

Review all applicable paper files. Scan any relevant/related documents, and save them to a network drive, as described above. If this is not possible, you may provide hard copies of documents to Jean Ingersoll in the Director's Office. These documents must be received in the Director's Office by February 22, 2016, and will not be returned to you.

Home Computer

Any relevant e-mails or other documents on a personal computer also are subject to this request. Please check your personal computer for any e-mails or other documents relating to this search. If you discover any relevant/related documents, please include the phrase "personal computer" in the file name, and save them to the aforementioned network drive.

Conclusion

Thank you for your cooperation in complying with this request. Should you have any questions, please contact Jean Ingersoll at 1-8844.

Search Term Checklist

In recent months, the State of Michigan has received a number of requests to produce documents related to the water emergency in Flint. You have been identified as a potential custodian of relevant/responsive correspondence and/or documents related to these requests. As a custodian, you are required to search and copy all items that you identify to a DTMB network drive, as described above.

Please complete your search no later than close of business on Monday, February 22, 2016. Relevant/related items from the past 10 years should be included.

You should search for *each term exactly as it is shown below, and include quotation marks around each separate word*. For example, "Legionnaire", "Legionella", or "Flint" would all go into search fields. After you complete a search term, check the box beside the term.

APPENDIX 1 – Search Guidance

Regardless of what version of Windows you're using, each of them has a search feature built in called "Windows Explorer," you see it every time you open up a folder on a network drive, or on your own computer.

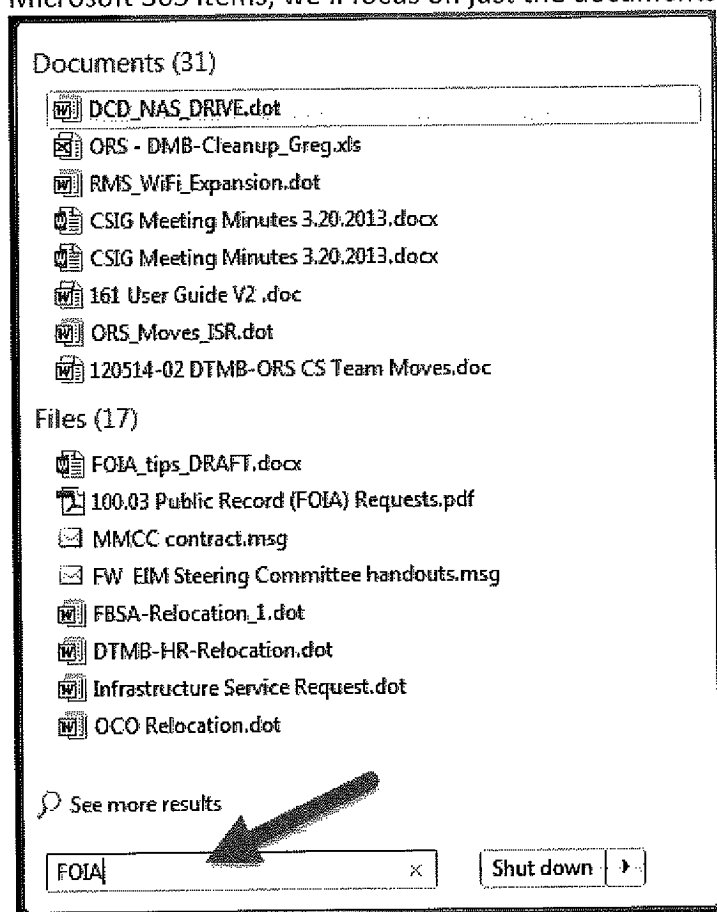

Using the search function in windows 7

Since the majority of DTMB is on Windows 7, the examples below are on that operating system. If you click on windows Start button, you'll see the search box right next to it

► All Programs

Search programs and files

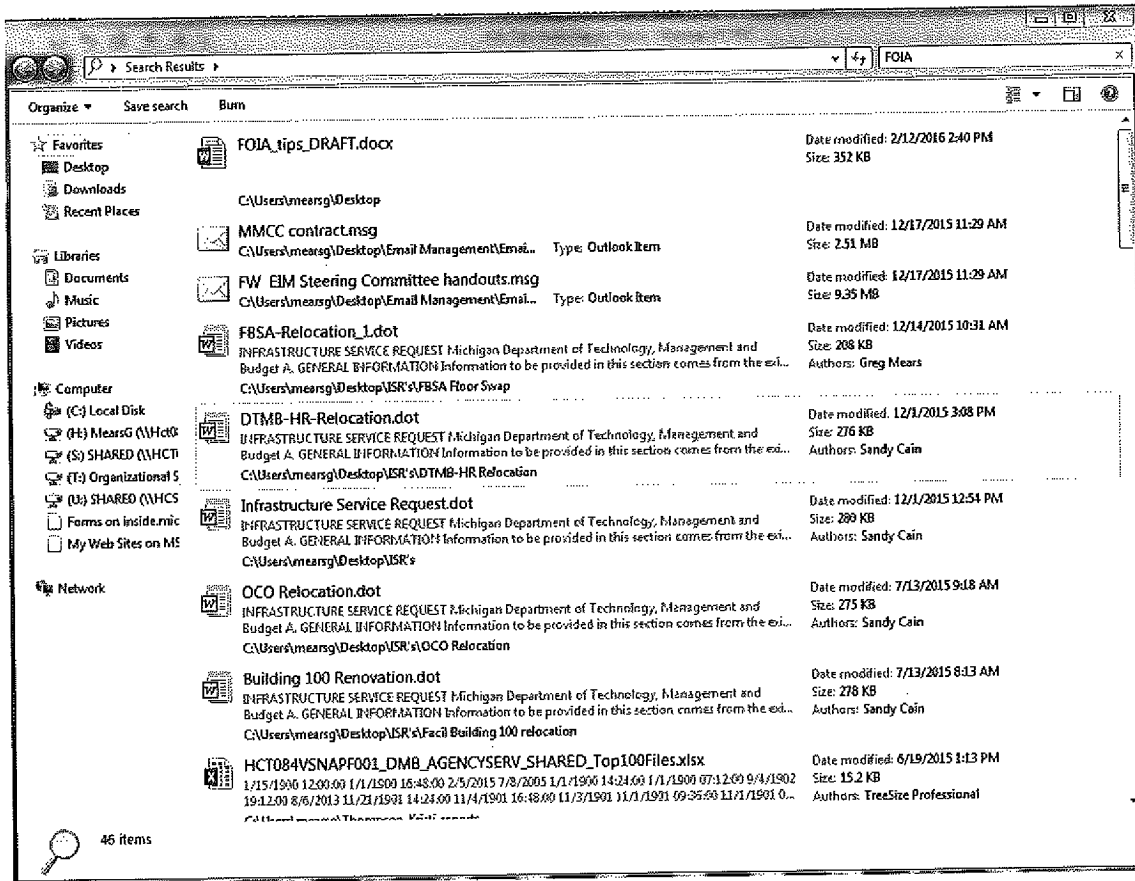

This example searches for the word FOIA. As you can see, the search yielded numerous documents including emails. Since DTMB is centrally collecting relevant emails and other Microsoft 365 items, we'll focus on just the documents.

You need to open each document to make sure that it's relevant. In this instance, the search brought up a DTMB Move form, but only because it has the word FOIA in the form.

You'll notice that the words "See more results" appears at the bottom of the list. This means that the search turned up a lot more documents than what can easily be displayed. You must

click on the link to open Windows Explorer and reveal a comprehensive list, along with their locations.

As you can see from this example the search found 46 items. We can now select them all using the "Ctrl-A method", and copy them to a network drive.
